Using Rost Off, WD40 or CRC?? You need to try this!

CHEMTOOLS R40, is a mixture of refined mineral oil distillates which displaces water (WD), repels moisture, cleans, penetrates, lubricates and prevents corrosion. Very effective for loosening rusted parts, stop squeaks, dissolving grease and reducing wear and friction. May also be used in marine environments for protection from salt spray deposits.

Part # CTR40300G - R40 WD Formula CO2 (300G) **\$5.50**ea plus GST

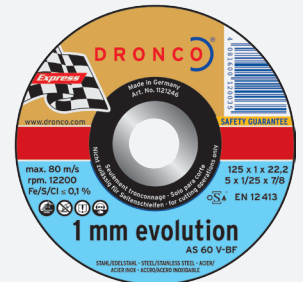

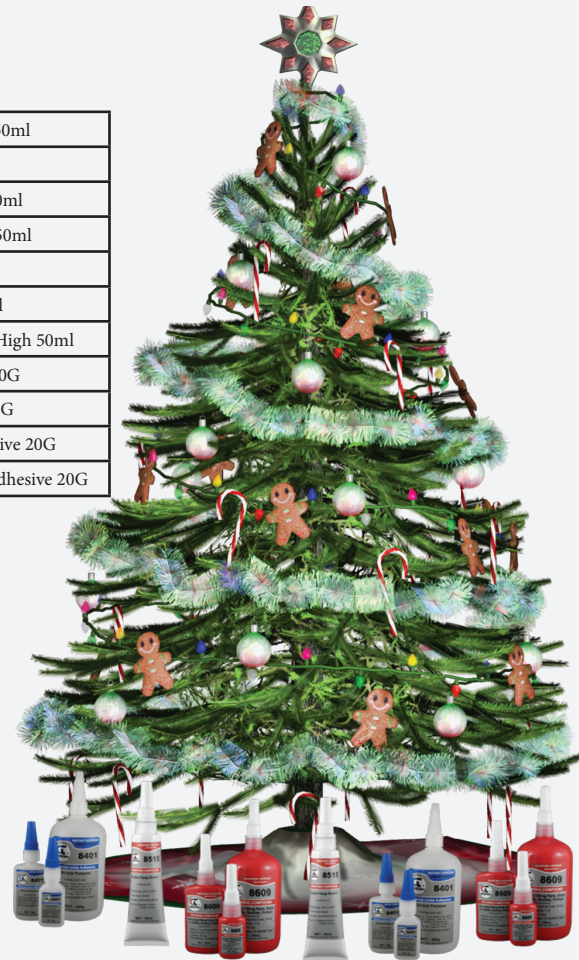

Part # CTR40400G - R40 WD Formula (400G) **\$8.25**ea plus GST

Hard to believe christmas is upon us again! It's been a big year for us at Fix Plus Australia, and we are thrilled with how things have been progressing. Having great products, competitive prices and many hours hard work, has made the launch of Fix Plus Australia in 2014 a fun and successful one.

We are grateful for your business with us, and love being able to bring you the service you want and need for every job. We are looking forward to 2015 and the new customer relationships it will bring with it, and continuing to grow the great relationships we have with existing customers.

Thank you for all your support, and again, we appreciate your business and the opportunity to serve you and bring you the best service you can find.

Find us on FaceBook and LinkedIn
Be sure to check out our
new website on the 24th Nov!
